

Help your patients who are prescribed XCOPRI® (cenobamate tablets) CV get started and continue on therapy as appropriate

SK life science navigator may assist you and your staff with the following*:

1. **IDENTIFYING** if XCOPRI is covered by your patient's insurance plan
2. **PROVIDING** prior authorization information for XCOPRI if it is required by the insurance plan
3. **SUPPLYING** free product to eligible patients who are[†]:
 - Initiating therapy
 - Experiencing coverage delays with their insurance
 - Rendered uninsured or underinsured
4. **SENDING** refill and appointment reminders to your patients via text message, if requested[‡]

*Eligibility requirements will apply. Please visit www.SKLSNavigator.com for more information.

[†]Program not available to hospital inpatients, long-term-care patients, group medical home patients, Veterans Affairs (VA), or the Department of Defense (DoD).

[‡]Standard text messaging rates may apply.

Enrolling your patients is simple

There are 2 steps to enroll a patient into **SK life science navigator**

1. A healthcare provider (HCP) needs to complete the **SK life science navigator Enrollment Form**, including*:

- Patient information
- Pharmacy insurance information
- HCP information
- Patient diagnosis
- Prescription information
- HCP signature

2. Patients must sign the **Patient Authorization section**

- Completed forms can be faxed to SK life science navigator at 877-436-4188, or submitted via electronic portal

*If prescribing from New York, Iowa, or any state that requires e-prescribing, please complete the enrollment form and contact SK life science navigator at 866-756-2844 (866-SK-NAVIG).
